

## **AMO Package**

### **School-level Reports**

**Price: \$49<sup>99</sup> per school**

Package includes figures for:

- AMO projection graphs: Percentage of schools in the current year that do not meet future AMO requirements.
- Current year's Annual Measurable Objective (AMO) for English-Language Arts compared to the district and state.
- Current year's AMO for Mathematics compared to the district and state.
- Current year's AMO for English-Language Arts compared to the district and state for each subgroup.
- Current year's AMO for Mathematics compared to the district and state for each subgroup.
- AMO for English-Language Arts since 2004 compared to annual AYP targets.
- AMO for Mathematics since 2004 compared to annual AYP targets.
- AMO for English-Language Arts since 2004 compared to annual AYP targets for each significant subgroup.
- AMO for Mathematics since 2004 compared to annual AYP targets for each significant subgroup.

### **File Format**

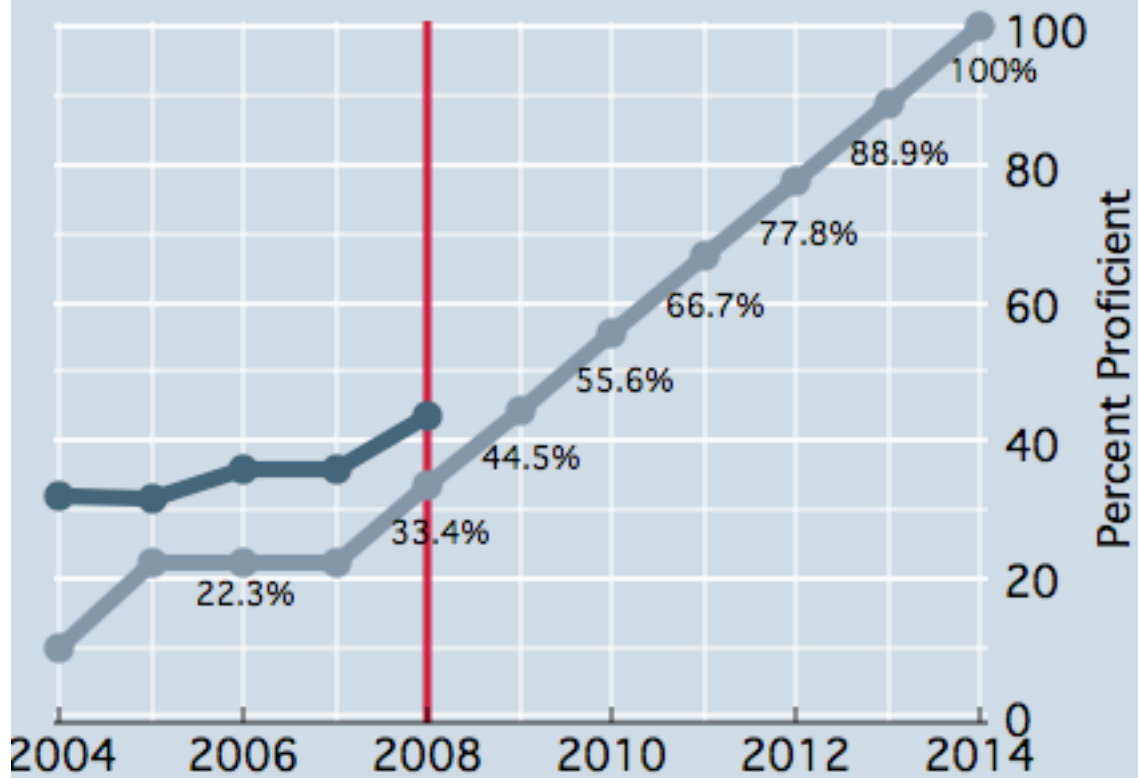

Each graph comes in the TIFF file format. TIFF files can be inserted easily into word processing programs and used in graphics programs. The files are named in an easily-identifiable manner, divided into subfolders.

### **Sample Graphs**

Note the sample graphs below for English. The package includes figures for both English and Mathematics. The number of graphs in the package depends on the number of subgroups in the school. Most larger schools (with many subgroups) will receive about twenty-five graphs.
